AWARENESS ON ALCOHOL ADDICTION & DRUG ABUSE AMONG YOUTH HELD ON 30/03/ 2022

PATHARKANDI COLLEGE
DIST. KARIMGANJ-788724
ASSAM, INDIA

Aim and objectives:

Alcohol addiction and drug abuse are the serious challenges in our society. Drug use has a broad range of direct and indirect consequences. The direct physiological effects on the user depend on the specific drug(s) used, dose, method of administration, and other factors. Acute effects can range from subtle molecular changes to overdose and death. While the major acute effects are known for many drugs, basic research is still necessary to understand the potential dangers of emerging drugs such as synthetic cathinones (e.g., bath salts) etc. Chronic drug use can also have distinct effects on physical and mental health. Drug use also has diverse indirect effects such as affecting a user's nutrition; sleep and circadian rhythms; decision-making and impulsivity; risk for trauma, violence, injury, and communicable diseases. Alcohol has also the negative effect in our body and mind. Keeping in view of the facts, Patharkandi College N.S.S Unit & IQAC organised an Awareness programme on Alcohol Addiction & Drug Abuse Among Youth on 30/03/2022. The programme was on virtual mode i.e. Google Meet link. <https://meet.google.com/wvg-cxaw-xqs> & https://youtu.be/XLvgYk_6kS0. Dr. Amarendranath Choudhury, IQAC Coordinator & HOD Department of Zoology was a host of the Google meet link. 100 students attended in Google Meet link & more than 500 students viewed in YouTube live.
